

**PRE-CONFERENCE WORKSHOP
ULTRASOUND**
ZAAL 531 EN 535

Ultrasound in the ED, the FAST was only the beginning ...

This workshop is meant for those who have already taken a basics course in ultrasound like the FAST or the PREP. During this course we will guide you into how to integrate emergency ultrasound into the daily practice of the (Dutch) Emergency Physician.

When you have participated in the course last year, you can't join the course this year.

Tom Boeije, Nasim Azizi, Marco Bijvoet, Paul van Overbeeke, Vincent Rietveld, Arthur Rosendaal

**PRE-CONFERENCE WORKSHOP
RESEARCH**
ZAAL 530

- 09.00 h** The State of Emergency Medicine Research
- 09.45 h** Finding a Research Topic: How to Get Started
- 10.15 h** Coffee break
- 10.30 h** How to Perform a Structured Retrospective Chart Review
- 11.15 h** How to Design and Conduct a Survey
- 12.00 h** Lunch, informal meeting with faculty
- 13.00 h** How to Conduct Research without Funding
- 13.45 h** Participant Research Project Workshop
- 15.15 h** Coffee break
- 15.30 h** How to Write a Manuscript
- 16.15 h** Advantages and Disadvantages of Multicenter Research Collaboration
- 17.00 h** End of program

Christine Houser, Roger Lewis, Sandra Schneider, Adam Singer

Simulatie ECG

ZAAL 531 EN 535

The FASTer you begin, the better!

Introduction to the Focused Assessment with Sonography in Trauma (FAST) exam for the absolute beginner. Short introduction with focus on hands-on practising of Emergency Ultrasound.
Tom Boeije, Nasim Azizi, Marco Bijvoet, Paul van Overbeeke, Vincent Rietveld, Arthur Rosendaal

ZAAL 532

Local and regional anesthesia of the hands, feet and face

Local anesthesia of the palms of the hands, the soles of the feet and in the face can be very uncomfortable for the patient and unsatisfying for the medical practitioner. In addition to some use-of-local-anesthetics-pearls in this workshop you will learn regional nerve blocks of the hands, feet and face to make your daily work more pleasant for both you and your patients.
Mark Frederikse

ZAAL 558 EN 559

Scenario training SEH-artsen (Dutch spoken)

This hands-on simulation workshop is intended to improve preparedness and awareness during emergency situations translated into improved communication, collaboration, teamwork and crisis management. The workshop addresses clinical and behavioral aspects of performance, focusing on crisis management and error prevention.
Eda Okatan, Bart van der Weerd

ZAAL 530

ECG's for the Emergency Department*George Goldman*
